Profile

Aspiring web developer with strong foundational knowledge in HTML, CSS, JavaScript, and Node.js, currently pursuing my post graduate degree in Information Technology solutions at Humber College and actively enhancing technical skills through hands-on projects and coursework. Passionate about web technologies, eager to apply my learning to real-world challenges, and driven to contribute to innovative development teams.

Experience

DATA ANALYST | NETSTAR (SG) PTE. LTD. | SEPTEMBER 2021– 2022

- Utilized tools like **SQL**, **Excel**, and **Hadoop** to store, clean, and organize data for analysis.
- Collaborated with cross-functional teams to ensure data requirements were met for business operations.
- Worked closely with data engineers, IT teams, and business analysts to ensure data was collected, stored, and utilized optimally.

Project

- **Waterman**

The website, with a primary focus on front-end functionality, acts as a comprehensive platform for customers to conveniently order water deliveries, purchase water purifiers, schedule product demonstrations, and explore other services. It provides a user-friendly experience, ensuring easy navigation and smooth interactions.

Technologies leveraged include **HTML** and **CSS** for structuring and styling the interface, **JavaScript** and **jQuery** for dynamic functionality and interactivity, and **JSON** for efficient data exchange and integration with back-end services

Education

B.S. IN ELECTRICAL & ELECTRONICS ENGINEERING | 2020 | BRAC UNIVERSITY, DHAKA, BANGLADESH

PGD IN INFORMATION TECHNOLOGY SOLUTIONS | SEPTEMBER 2023-PRESENT | HUMBER COLLEGE, TORONTO, ONTARIO

Skills & Abilities

- **HTML5**, **CSS3**, and **JavaScript** (ES6+); skilled in creating responsive web pages and dynamic UIs using **jQuery**.
- Experience with **Node.js** and **Express.js** for building scalable server-side applications and APIs.
- Strong knowledge of **SQL** (MySQL, PostgreSQL) and familiarity with **NoSQL** (Hadoop, HDFS) for big data processing.
- Proficient in **Core Java**, with basic understanding of Java web development using **Servlets** and **JSP**
- Skilled in utilizing **JSON**, **AJAX**, and **APIs** for efficient data exchange and integration
